

Popstick Market Stall

Decorate the templates below using markers. You can use the Empty Boxes template to draw your own fresh produce or winter market stall items.

Awning

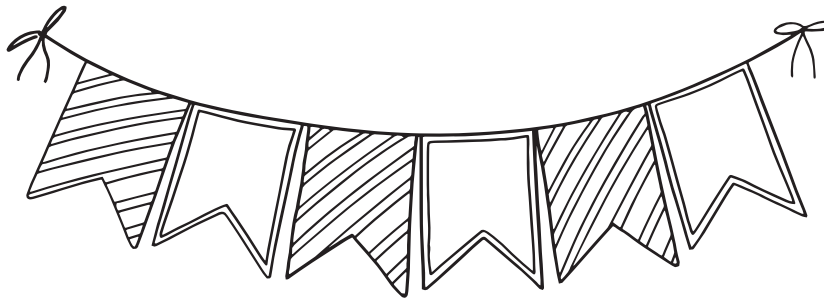

Fairy Lights

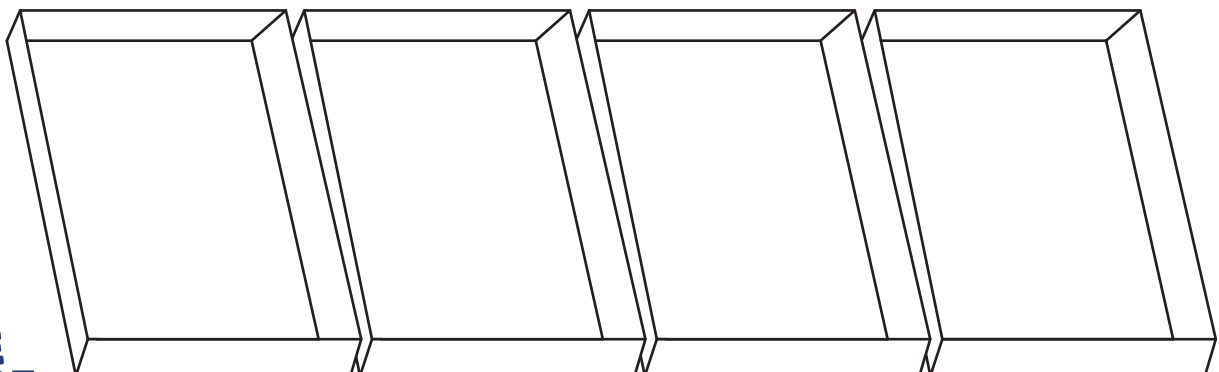

Market Sign

Bunting

Empty Boxes

Popstick Market Stall

MATERIALS:

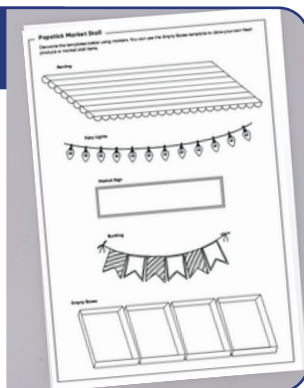

6 popsticks
Scissors
Coloured markers
Craft glue or bluetack

Instructions:

Step 1

Download and print out the market stall template provided. We recommend using thicker paper for best results when decorating.

Step 2

Decorate your template pieces using markers and give your stall a name. You might like to draw your own fresh produce or winter market stall items using the empty boxes template.

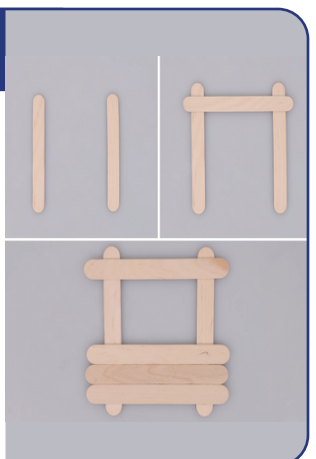

Step 3

Cut out each of the template pieces, and draw what you would like to sell on your stall using the space on the empty boxes template.

Step 4

Place two popsticks flat on your work surface as shown. Place another popstick horizontally across the top of the first two popsticks. Place three more popsticks next to each other horizontally along the bottom, as shown. Glue the popsticks in place and allow to dry.

Step 5

Glue the awning piece to the top popstick. Align the top edge of the template with the top edge of the popstick. Allow to dry.

Step 6

Glue your produce boxes onto the top popstick of the bottom three popsticks. Align the bottom edge of the template with the bottom edge of this popstick. Allow to dry.

Step 7

Glue the remaining template pieces wherever you like to finish decorating your market stall. Allow to dry.

Step 6

Your Popstick Market Stall is now ready to display!
